Looking forward to seeing everyone on this special night and wishing our 8th graders good luck!

## Physical Education Action!

From a roller dome to a bowling alley our students have been participating in a bowling unit for the past three weeks. They have been working on the proper bowling technique and terminology and continue to make strides each week. Thank you to the USBC for supplying us with the equipment for this unit! The following is a list of students who were awarded a gatorade for a turkey. Ask them what a turkey is in bowling terms. ## Sports Update:

**Track:** Looking forward to our relays this Sat., Apr. 29, 2023. Anyone with students in our extracurricular programs are being asked to help. We will have 13 teams participating and need all hands on deck. Our track athletes I have assigned your duties for the day. Look at the following list and if you have a conflict please let me know and we can make other arrangements. We ask that our track athletes and parents stay until the conclusion as we need to leave the MTHS ground better than we found it. It is a privilege for us to use these facilities and we want to keep them in great shape.
