STM Library Procedure Changes and Reminders

Books have a loan period of one (1) week, with 3 renewals allowed. Books may only be renewed if the book is present. There are no fines for overdue books, but a book that is 30 days overdue will be marked lost. Students will be responsible for the cost of the book unless it is returned by the end of the semester. Students may have 2 books checked out at any one time but will not be able to check out books if they still have overdue books outstanding. To avoid replacement fees, please return all materials in the condition in which they were checked out. If damage is beyond repair, the student will be charged for replacement of the damaged book. Overdue notices will be given to students each Monday. Please make note of these minor changes and as always thank you for your support.
